Bectu TV & Drama Construction Set Crafts rate card

1 April 2021 to 31 March 2022

TERMS & CONDITIONS

1. Working week

The basic working week will be 37.5 hours.

2. Working day

Typically, the normal working day at the studio base will be as follows:

- 0800–1000 First work period
- 1000–1030 Unpaid rest break
- 1030–1300 Second work period
- 1300–1400 Unpaid lunch break
- 1400–1700 Third work period

This pattern is variable to allow for an earlier or later start where required to meet the demands of production, and particularly where work is taking place away from base. Any hours worked prior to 0700 or after 2100 at a studio or on location will be dealt with in accordance with the Pact Bectu Agreement.

3. Rest/meal breaks

There will be the following rest/meal breaks within the working day:

Morning: 30 minutes unpaid

Afternoon: Opportunity will be provided for rest and refreshment at or adjacent to the work place, but away from the work bench or work station. This will not take the form of a fixed period of rest break. The intention of this provision is that on health and safety grounds crew members will be able to break off from work for a short period and have a rest and/or something to eat/drink.

The time at which the break takes place will be determined by the head of department and may vary from day to day according to the needs of the production. It is the production company's responsibility to make arrangements for refreshments at or adjacent to the work place.

There will be no paid 'clean up' period at the end of the day.

Where no canteen facility exists or where it is closed at the time of a defined meal-break, a meal allowance will be paid.

4. Location travel time

Each film production will have a single Nominated Base. If Construction Crews are required to work at any location other than the Nominated Base or a recognised studio, journeys to/from that location will count as travel time within the working day, and mileage will be paid as from the Nominated Base.

5. Weekday overtime

Existing long-established co-operation between producers and crews and willingness to work overtime where required to ensure the smooth running of a production will continue.

Up to one hour of overtime on any day may be worked without a break at the end of "normal" hours. If more than one hour of overtime is required, there shall be a 15 minute paid rest break after the first overtime hour. A further paid rest break of 15 minutes shall also be due within any further period of two hours of overtime.

Overtime will be paid after 37.5 hours at the rate of 1.5T.

The sum per hour of overtime paid to chargehands supervisors and heads of department will be no more than the same sum per hour paid to craft graded members of construction crews.

In addition any hour worked 2100 to 2400 attracts an Unsocial Hours Payment of £12.81; and any hour worked 2400 to 0700 attracts an Unsocial Hours Payment of £16.01.

There will be a new entitlement to a 30 minute paid break including a hot meal or meal allowance where overtime is worked after a normal working day:

- 1700: normal day finishes
- 1700–1800: overtime work
- 1800–1815: 15-minute paid rest break
- Beyond 1815 any overtime work period of 2 hours or less will include a 15-minute paid rest break.
- The latest time at which this 15-minute paid rest break can occur is 2000–2015.
- If work is to continue beyond 2015, the 2000–2015 break will be immediately followed by a second 15-minute paid rest break from 2015–2030, adding up to a 30-minute break. During this 30-minute break a hot meal will be provided or a meal allowance paid.
- Work may then continue from 2030–2215.

Bectu TV & Drama Construction Set Crafts rate card

1 April 2021 to 31 March 2022

6. Weekends

Overtime scheduled for Saturday will be paid at a rate of 1 and one-third T for any agreed hours up to 7.5 hours. Hours in excess of 7.5 on a Saturday will attract overtime at the rate set out in the agreement.

Work scheduled for Sunday as a seventh working day in a week will continue to be paid at a rate of 1.5T plus the unsocial hours payment in accordance with the terms of the PACT/Bectu Agreement for a 7.5 hour working day.

7. Public holidays

Arrangements for working/not working on public holidays, including rates of pay, treatment of such days in relation to entitlement to holidays and holiday pay shall be subject to local agreement between the production company and the accredited construction crew representatives. Any such local agreement will be entered into prior to the engagement of construction crew members and set out in the terms of engagement of each construction crew member.

8. Night-work

In addition to the basic hourly rate, all night-work hours between 2100 and 0700 will qualify for Unsocial Hours Payments.

Any hour worked 2100 to 2400 attracts an Unsocial Hours Payment of £12.81; and any hour worked 2400 to 0700 attracts an Unsocial Hours Payment of £16.01.

9. Daily contracts

Overtime for personnel engaged on daily contracts is payable after 8 (see note) hours of work. Up to one hour of overtime on any day may be worked without a break at the end of "normal" hours. If more than one hour of overtime is required, there shall be a 15 minute paid rest break after the first overtime hour. A further paid rest break of 15 minutes shall also be due within any further period of two hours of overtime.

(Note: The reference to "8 hours" is now "7.5 hours".)

Where a construction crew member is engaged continuously on daily contracts for a period of four weeks or more, they shall after four weeks have elapsed be transferred to a weekly contract subject to one week's notice of termination; and they shall receive the benefit of any payment which would have been due had they been engaged on a weekly contract throughout (e.g. Bank Holiday payment).

10. Tools

Construction Crew are expected to bring the normal customary "tools of the trade" to the job. However they should not be expected to bring "substantial equipment" such as expensive power-tools, and they are entitled to seek to negotiate a hire fee if they do so.

11. Notification / pre-production

Pact will provide Bectu regularly with details of all feature films registered with Pact and the contact details for the management teams on those films. Bectu and the construction crew representatives will act to ensure that they maintain contact with crews on these films. Pact and Bectu and their respective members will act to ensure that disputes are dealt with in accordance with this procedure.

Producers will hold pre-production meetings with Bectu on films covered by the Agreement to clarify issues such as start-dates and finish-dates, use of weekly contracts and daily contracts, etc.

12. Disputes procedure

Disputes relating to any matter covered by this agreement will be dealt with firstly by discussions between the management of the film production company and the appropriate Bectu officials.

If this fails to resolve the matter, or if the same issue is leading to disputes on other films, the matter can be referred to the Director of Business Affairs of Pact and the Assistant General Secretary of Bectu, who will each promptly consult one another and appropriate colleagues to try to resolve the dispute.

If this fails to resolve the dispute, the matter can be referred to the full joint negotiating body responsible for this agreement.

Bectu advises all members in the Set Crafts Department to use this Bectu rate card when agreeing pay with productions. These can be negotiated up but we recommend not accepting work for below these rates. Should you have any queries about the rates or Terms and Conditions you've been offered, please call your Bectu official to discuss before accepting the role.
