# A call for Unscripted mentors

**Want to be part of a time-limited mentoring program nurturing and mentoring mid-level industry talent, taking them to the next level?**

**Are you a member of the Bectu Unscripted TV Union?**

**Do you have at least five years' experience working in Unscripted?**

If so, get involved in our mentoring scheme and help make that difference!

The union offers training and support to mentors. In return, you will mentor small groups of freelancers and have the opportunity to participate in specific training and networking events.
