

Workshop: Bargaining for sustainable workplaces

The day will include:

- Looking at future trends of the low-carbon, environmentally sustainable workplace,
- Discussing the impacts of climate change targets and the trade union approach to sustainable development,
- Exploring Prospect's resources and toolkits,
- Sharing member case studies of those who are making their workplaces more sustainable.

Workshops will be held in:

- Birmingham, 23rd February
- Cardiff, 9th March
- London, 27th April,
- Edinburgh, 26th May

Register on-line at

bit.ly/workshop_dates

The workshop aims to equip members to **participate** in and **contribute** to sustainability or environment initiatives at work.

For **members** interested in environmental sustainability and climate change AND/OR who want to become a workplace environment representative
