Dear Colleague

Gender Pension Gap Reporting Update - 2

Please note the promising reply from the Pensions Minister to the earlier letter from Sue Ferns about measuring and reporting on the size of the gender pension gap:

<https://library.prospect.org.uk/download/2023/00190>

In particular, this language is stronger than anything previously said on this issue:

“I’ve committed to developing an appropriate framework to understand the challenge, develop a definition of the gap and start reporting regularly on this issue.”

Yours sincerely

Neil Walsh

Pension Officer
