

CIVIL SERVANTS NEED A FAIR DEAL

Pay for civil servants has
been **cut by 26%** since 2010
in real terms.

Now the government wants
to cut jobs and redundancy
terms on top.

WHY PROSPECT UNION MEMBERS ARE ON STRIKE

1

REAL TERMS PAY CUTS

Opposing derisory pay settlements, driven by the government's 3% remit guidance, when inflation is over 10%.

2

REDUNDANCY TERMS

Stopping the changes to the Civil Service Compensation Scheme, that mean a worse deal for those made redundant.

3

ARBITRARY JOB CUTS

Government spending plans mean compulsory redundancies and arbitrary head count reductions are still likely, adversely affecting both those forced to leave and those who stay, as well as the delivery of public services.
